NTYA continues to make progress through prevention of sexual abuse and sexual harassment through the designation of a PREA Coordinator, supervision and monitoring, criminal background checks, staff training, resident education, PREA posters and education materials. The facility detects sexual abuse and sexual harassment through resident education, staff training, and intake screening for risk of sexual victimization and abuse. NTYA responds to sexual abuse and sexual harassment through various ways of reporting, investigations, disciplinary sanctions for residents and staff, victim advocacy, access to emergency medical treatment and crisis intervention services, sexual abuse incident reviews, data collection, and data review for corrective action.

Natchez Trace Youth Academy has increased monitoring levels of the residents on campus along with a robust training program to include semiannual retraining of direct care staff to improve monitoring routines to exceed the required monitoring.
